

MAP IT: WEST MAUI COMMUNITY CORRIDOR

Tell us about your experiences traveling in the Lāhainā and Kā'anapali area by putting your ideas on the map. Where do you go? How do you get there? Where is it hard to walk or cross the street?

Share the places you visit often. Where are the places you'd like to go in the future?

Point out locations where you have an idea for improvement. Where are there opportunities in the Lāhainā and Kā'anapali area for new housing, or bus stops, or art? What about other great ideas you have in mind?

Where should the West Maui Transit Hub be located? Why do you think this is the best location?

By learning about the places that you love, and the challenges you have getting there, we can look for more ways to make the West Maui Community Corridor even better than it is today.

WE WANT TO HEAR FROM YOU!

The West Maui Community Corridor is the busiest road in West Maui, linking people to the places they live, work, go to school, shop, play, and access services. The Corridor is ready for a new look—you can help us think about the future by taking this short survey.

WHAT IS THIS PROJECT?

The West Maui Community Corridor Transit-Oriented Development (TOD) Action Plan will identify ways to make the 3.6 miles of Honoapi'ilani Highway between Lāhainā and Kā'anapali more connected, more accessible, more sustainable, and more livable. This work will build on the recently adopted West Maui Community Plan, which outlines a vision for the future of West Maui.
